## Barcode Sample Submission Terms and Conditions

1. All **physical** samples submitted to GS1 Malaysia for barcode symbol verification must be reclaimed within **7 working days** upon receipt of the verification report, or they will be disposed.

2. The barcode verification report results generated from your provided samples are **not absolute** in that they do not necessarily prove or disprove that the barcode symbol can be successfully scanned/read.

3. The barcode verification report reflects the specifications of the sample provided for testing and **may not be definitive** for other items of the same product.

4. The assessments provided in the barcode verification report **do not constitute evidence** for the purposes of **any litigation**.

5. It is the responsibility of the brand owner to **ensure** the correct use of **GS1 Company Prefix** and the correct **arrangement** and **encoding** of the data content.

6. Every possible effort has been made to ensure that the results and specifications stated in the report are correct, however, GS1 Malaysia expressly disclaims liability for any errors.

7. To ensure efficient scanning, companies should **exceed the minimum specifications** listed in GS1's barcode symbol specifications, but not the maximum listed.
